

HEREFORDSHIRE COUNCIL PLANNING SERVICES DEVELOPMENT CONTROL	
26 APR 2024	
To: _____	File: _____
Ack'd: _____	

P240422/F

Dear Councillors,

Please take note of my objection to the proposed building of 350 houses on P240422/F land east of Keneford.

building houses here will completely spoil the entrance to Keneford from the east. It will result into sprawl into green field sites.

The Lugg Meadows are a site of Special Scientific Interest - and the Lammias Meadows some of the last surviving ones in the UK.

Furthermore the area is under water for many months of the year - and with global warming there will only get worse.

I believe planning should be refused NPP4 120, 186-88, 191, 194 applies.

Yours -

20 strength the wall HRZ TDP
