

Planning application comment was submitted on the **17 April 2024 13:55 PM**

The following is a comment on application **P240422/F** by **Jobie Hoar**

Nature of feedback: Objecting to the application

Comment: It's totally irresponsible to build on ancient meadows which is the habitat for many species of flora and fauna. It's also a valuable area for children to grow up exploring and to experience nature. Many special plants are found there such as snakes head fritillary. It's a green belt between Tupsley and Lugwardine. Halving it will severely disrupt the environmental balance in the area and Herefordshire will never recover a similar green space.
