Subject: 142059/F - Viewpoints for Halfridge Farm
Importance: High

Dear Kate, I write regarding the above and following the meeting on 4th November.

These are the viewpoints that we have identified for Halfridge Farm, these are the places where the LPA will be looking at the site and does not necessarily indicate places where the consultant needs to provide further information. All we require of you are the balloons at the relevant heights.

With reference to the Malvern AONB, the following viewpoints will be considered:

- Suckley Hills – along Worcestershire Way and the road network
- Longley Green –Worcestershire Way and the road network
- North Hill - network of footpaths
- British Camp

Local Trails:

- Herefordshire Way
- Three Choirs Way
- Worcestershire Way
- Other local PROW within 5km radius – in particular those linking to the aforementioned trails, Parks and Gardens, Listed Buildings or routes where impact is considered likely.
(Rather than identifying a single viewpoint as discussed given the undulating landform these routes would be walked the length of where likely impact is considered)

Settlements & Residential Properties:

- Acton Beauchamp
- Acton Green
- Stanford Bishop
- Bromyard
- Local road network in order to assess impact on residential properties

The registered common & Parks and Gardens

- Bromyard Downs
- Clater Park

Listed Buildings

- Acton Court
- Sevington Farm
- St Giles Church, Church House Farm and Buildings – Acton Beauchamp
- Listed Buildings at Acton Green

- Louvain Cottage
- Crooks Hill Farm
- Clater Park
- Church of St James – Stanford Bishop
- Sutens End Farm

I trust this helps,

Regards
