Dear Sally,

I understand that you met with Andy Byng this morning to discuss the technical details for the highway works above. I assume that this was to be able to obtain costings and that you will be providing plans etc in due course once you have had the time to consider this.

Once we have received these, and had any further discussions, we can re-consult as necessary and hopefully make progress towards committee (if necessary). In light of this could I ask you to agree an extension of time for all three applications until the **5th March 2016**. This may need to be revisited depending on the timescale for submission and legal agreements but if it is necessary to go to committee then I would hope that this can be scheduled fairly quickly.

I would however draw to your attention the Stretton Sugwas Neighbourhood Plan that has finished its Reg 14 consultation and we expect to make progress towards its Reg 16 submission shortly and at that point will carry weight in any decision making process. Continued engagement with the Parish Council is encouraged if possible.

If a meeting to discuss proposals before submission would be helpful, please let me know and I can organise with the relevant people.

I shall wait to hear from you.

Kind Regards

Kelly
