Old Cottage
Credenhill
Hereford
HR47DN
18th May2008

Heritage Statement

Old Cottage is a partly thatched Grade 2 Listed building, the earliest part dating from early 17th century.

It is being rethatched in the summer of 2008 and consequently at the same time the opportunity is being taken to add a dormer type window in the North facing elevation to improve the light in the bedroom and to improve security to the rear of the property.

The rear of the cottage is not overlooked by any other property and the new window will match the existing window on the North elevation
