The following is a comment on application **P222769/F** by **Martin Hobbs**

Nature of feedback: Objecting to the application

Comment: I'm concerned [REDACTED] that an already busy road will become busier, creating more traffic [REDACTED] I'm also concerned that the addition of 45 new houses would potentially impact the school negatively. As an additional concern, the countryside in and around the Breinton area is widely regarded as a gem in Herefordshire and I don't think ruining it is a great advert for the environment.

Infrastructure from section 106 to consider: As a minimum I'd like the speed limit to be reduced on Kings Acre Road to 30mph, traffic lights and crossings to be more regular and a controlled crossing where the planned access is to this [REDACTED] development. The infrastructure around the school access would be in desperate need of improvement.
