Good Morning Jon

Please find attached your revised Planning Drawing now showing the removal of the eyebrow windows to the rear elevation.

Hopefully this will now satisfy the planner.

Kind Regards

Jon,

My apologies. My planner has not agreed to the latest plans and asked that the eye brow dormers on the back roof be removed. Could you please amend the drawings and forward ASAP.

Regards,

Jon.

Good Morning Jon

Please find attached your revised Planning drawing showing the eyebrow Windows as discussed.

As soon as I have your approval to the drawing I will post out 6 x Hardcopies.

Kind Regards

In that case, can I just get the plans with the eyebrow window and I'll see if I can get that through.

Many thanks,

Jon.

Hi Jon

We can alter your original drawing to show the eyebrow windows but the additional charge is to produce the second drawing for you showing the Velux.

Kind Regards

Jon,

Is that a further £59 each or can you do both for the price quoted. I would only need hard copies for the design selected.

Jon

Hi Jon

I think we are nearly there,

So, you would like 2 x drawings , one showing

2 x eyebrow windows 3 pane to the front elevation and 2 x eyebrow 3 pane to the rear elevation.

And

A further drawing with 2 x Velux windows on the front elevation and 2 x Velux windows to the rear elevation.

The further planning drawing will cost **£59.40 including Vat** payable with a debit/credit card over the phone with myself or a bank transfer. Our bank details are shown on the quotation I emailed earlier this morning.

Please remember that if you place your order for the frame we will refund the planning drawing cost for the chosen design and not both.

I hope this helps.

Kind Regards

Can you do a drawing with 2 velux both sides? That way the planners have the options of either design. I don't need 6 copies of each. A digital copy of each will suffice until the final option has been down selected.

Many thanks,

Jon.

Hi Jon

Ah ok , so 2 eyebrow front and 2 eyebrow rear , what about the velux you mentioned?

Kind Regards

Jon,

Just to confirm, the drawing should have 2 eyebrow windows on each side of the roof totalling 4. Can you confirm the quote is for 4 not 2.

Regards,

Jon.

Hi Jon

I have now requested a revised Planning Drawing as per your request.

Please also find attached your revised quotation to now allow for the Eyebrow windows. I have also now included our delivery cost via our own Hiab lorry from our site here in East Sussex.

I have applied a **10% discount** to the Garage cost and all associated joinery as per our discount promotion as advertised on our website.

As soon as I receive your revised planning drawing I will email it straight to you for your approval. Once I have your approval I will then post out 6 x Hardcopies to you.

Kind Regards

Jon,

After further consultation with the planners, they have agreed to eyebrow windows on both sides. To that end, could you replace the dormers and replicate the 2 additional windows on the opposite roof please.

Regards,

Jon.

Subject: Eyebrow windows

Good Morning Jon

Just so you know, Racheal has left the company and I have been assigned her ongoing projects.

We can certainly supply 2 pane eyebrow windows x 2 and I can request this to be shown on the drawing I have attached to the front of the frame to replace the dormers as shown.

Where would you like the image of the 2 x Velux windows shown? Is that to the rear of the frame and above which bays? Please note we do not supply Velux windows but for your planning drawing we can show them.

Once you can confirm the above I will update your quotation and request a new drawing.

Kind Regards
