**EWYAS HAROLD PRIMARY SCHOOL EXTENSION.**

**DESIGN AND ACCESS STATEMENT.**

There will be no new direct vehicular access to the proposed extension.

The extension is to be built of materials to match the existing to produce an architecture that resonates with context and is all that can be afforded.

The siting of the extension is adjacent to the main car parking for disabled parking and has a level access from the car park.

The access to the extension will be wheelchair friendly as will the interior planning.

The whole extension is on a single level and all door openings conform to the standards set out in the Building Regulations.
