

Planning application comment was submitted on the **12 August 2024 21:48 PM**

The following is a comment on application **P241551/N** by **Iain Hutton**

Nature of feedback: Objecting to the application

Comment: We have significant concerns with air, water, noise and light pollution. Additionally, there are significant landscape and visual issues relating to the scale of the development and the potential impact on the local area.

Furthermore, there is lack of clarity in vehicle movements to and from the facility along the Hereford Road and with increased HGV traffic, so there is a heightened risk of road traffic collision.
