

Planning application comment was submitted on the **15 April 2024 19:38 PM**

The following is a comment on application **P240422/F** by **Harriet Ferris**

Nature of feedback: Objecting to the application

Comment: I am writing to object this application as this is not going to be the best idea . It could lead to overcrowding, increased traffic congestion, and put a strain on local resources like schools and healthcare facilities as new people will make it even more difficult then it already is to get an appointment with the NHS and more cars will make it difficult to exit school as it is already busy . Additionally, it might affect the natural beauty of the area and disrupt the current community vibe. It's important to consider the impact on the environment, infrastructure, and the quality of life for the residents in the area. It's crucial to balance development with preserving the charm and functionality of the existing community.
