**Subject:** Noise report for Aldi Store, Ledbury

Dear Sunil,

Our planners have asked me to comment on the noise report.

My query relates to the table 6 unmitigated delivery noise assessment and in particular the background noise levels of 45dB in location 1 and 2 , I cannot understand why this figure is not 42dB as the LA90T is 42dB, obviously this affects the excess of rating level over background sound level at location 2.

Also I cant see a night time assessment for the HGV deliveries so I will have to check and see if the proposal is for day time deliveries only.

Thanks and best wishes
