

02 MAY 2019

To: _____
Ackd: _____
1st May 2019.

Proposed Workshop.

Rose cottage, Bearwood, Leominster, HR6 9EQ.

Application No : 190207.

Please find enclosed form and required fee [cheque] with reference to discharge of condition.

No drawings supplied with regards to parking area etc.

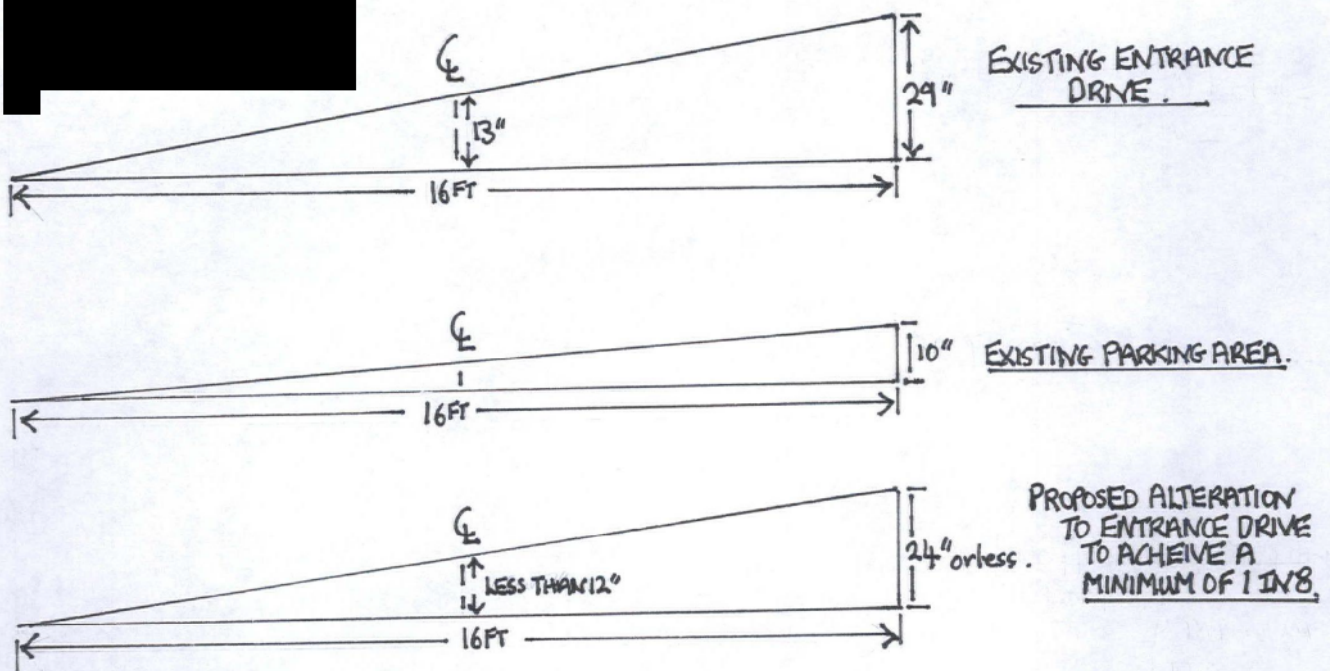

Gradient adjustment to bring in line with condition.

Materials will be the same as currently there, this matches the existing surface of the adjoining byway, which allows any precipitation to drain away through the surface without any run off issues on to the byway.

As already mentioned the materials are Terram membrane with 40mm base stone on top followed by 20mm to dust scalplings compacted.

As the existing drive is used on a daily basis for the last four and a half years with no problems what so ever, I know this will be fit for purpose.

Phil Davis.

NOT TO SCALE.
