

Planning application comment was submitted on the **29 March 2024 19:26 PM**

The following is a comment on application **P240422/F** by **Martin Pember**

Nature of feedback: Objecting to the application

Comment: I object to this planning application. I am in my [REDACTED] and struggle with getting out and about in the area at peak times due to traffic congestion. [REDACTED]

[REDACTED] some days its gridlocked around the schools, and the surrounding areas, delaying my journey, all these extra vehicles are only going to cause more issues. I am already concerned that there will be a child knocked over with the volume of traffic as it is, add more into the mix, its an accident waiting to happen, god forbid!

We are all for improving our beautiful city and encouraging growth, however we need to ensure we have the right infrastructure in place to ensure we can all access the resources we all need and have paid towards for many years.
