Nature of feedback: Support the application

Comments on behalf of Credenhill Parish Council:

Members of the parish council have reviewed the application and conducted a site visit as well as spoken to residents at neighbouring properties. No concerns were raised during the visits to neighbouring properties however it was noted that there would be additional parking requirements within this small private road which already contains a number of small bungalows.

The existing bungalow is in poor condition and the proposals offer the best possible solution for improving the site. The parish council therefore supports the application.
