Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.

### Description

Please describe details of the proposed development or works including any change of use

The current barn/store is Agricultural class R. We seek a change of use of the agricultural building to (c) Class E (commercial, business or service). The existing Barn/store is to remain as it stands with the new use class Suis Generis for the proposed Wedding Venue.

As recommended by the Planning Officer for a withdrawn application for the same site:

"I would expect the site to have two Use Classes – E and Sui Generis..... I would suggest that the LDC application is withdrawn and a new Full Planning Permission application is submitted to the site. This would result in the site overall being classed as Sui Generis and for this reason any subsequent changes of use will require Planning Permission."
