The following is a comment on application **P212199/F** by '**Fiona Mynors**'

Nature of feedback: submitting_a_general_comment

Comment:

While not wishing to oppose a business project, there are concerns about the increase in traffic and the dreadful state of our roads which will be exacerbated by additional vehicles. Roads approaching this proposed development are narrow with few passing places, deep ruts each side of the carriageway and countless pot holes. If permission is granted, it is essential that consideration is given to improving the roads from St WeonArds village to this site. It would also be helpful if the contractors were instructed to drive SLOWLY with due care to and from the site, in view of local inhabitants, animals and cyclists.
