

Planning application comment was submitted on the **14 July 2023 16:06 PM**

The following is a comment on application **P231767/F** by **Philip Dye**

**Nature of feedback: Support the application**

---

**Comment:** Having read the design statement and studied the drawings I feel that Mr Dawson should be applauded. At a time of climate crisis it is refreshing to see a proposal for an efficient, sustainable dwelling that would actually contribute to its local environment. There is an elegance to the simplicity of the external appearance of the property and as someone whose own house would be directly opposite, I would be quite happy to look out at it.
