Nature of feedback: Objecting to the application

Comment: I object to this application. The meadows are such a precious and ancient area of country side that we love to visit. We have friends and family local to the area and regularly visit and always make a trip to the meadows with our children who love to run around and play there and learn about the different flowers and birds and nature. It would be such a terrible loss if this application goes ahead, it would have a devastating impact.
