The following is a comment on application '**P194402/O**' by '**Karen Lynch**'

Nature of feedback: Objecting to the application

Comment:

My Husband and i would like to strongly object to the proposed development (The southern urban expansion) . My keys concerns are as follows..
The road infrastructure could not possibly cope with all the extra vehicles on the road. We are regularly delayed getting to work/college etc ,Holme lacy road is often grid locked at peak times as well as Ross road.(Holme lacy/Hoarwithy road regularly floods .People were evacuated last year or completely stranded .
I am concerned on the impact on the environment ,as a keen photographer/dog walker in these areas where the proposed development will be ,the wildlife is thriving, we have various birds of prey ,woodpeckers and many species of birds ,some rare as well as mature trees and natural streams.
On a personal level my property that i own overlooks beautiful countryside ,i have lovely views over dinedor and one of the reasons we bought our forever home 15 years ago knowing that i had countryside on my doorstep
I am worried about noise and pollution from the building work and any effect it may have on our health.
