Details of the pre-application advice received

The principle of achieving annexed accommodation through the conversion of an existing outbuilding, in this case a barn of traditional construction, is supported by the development plan when read as a whole. This is notwithstanding the open countryside location of the site. A condition would likely be imposed to limit it to ancillary use and to provide clarity and control over any future subdivision. An application for planning permission and listed building consent will be required. The application could be in householder form (as opposed to 'full') provided that it can be demonstrated that the barn is in lawful incidental use to the main house and situated within its established curtilage. The requirement for a drainage report has been confirmed. This report should address PTP capacity to deal with additional flows, confirm that any existing drainage field is sized accordingly and calculate whether resultant discharge flows would remain under a total of 2m3/day. We will then take a view on HRA matters at the stage of application being submitted.

SIMON ROWLES - SENIOR PLANNING OFFICER

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
