The following is a comment on application **P233442/F** by **Dean young**

**Nature of feedback: Objecting to the application**

**Comment:** You will be taking away a natural habitat for wildlife. The banks of the wye are protected so I cannot see the justification for a concrete ramp when it is not needed. Not a single thought for anglers or those that love and protect wildlife and the precious river wye landscape. Councils should help protect all parts of our country and its natural beauty and not continually agree to its destruction!!
