The following is a comment on application **P240422/F** by **Alison Russell**

Nature of feedback: Objecting to the application

Comment: I object to this proposal because of the potential impact on the highly sensitive and nationally important Lugg meadows below. 350 new homes would mean increased run off onto the land and traffic and dog walkers disturbing the wildlife.

The Herefordshire Wildlife Trust have made a convincinv case against thus proposal. I hope the council will refuse this application.

Infrastructure from section 106 to consider: This is not a fair question as the answers could be made to seem to support the proposal if certain infrastructure were in place.
