## PLANNING OFFICER'S APPRAISAL:

### Site description and proposal:

Plot 4, The Paddocks, Weobley, Herefordshire, HR4 8RY

Fell and remove the cluster of existing hazel trees (*Corylus Avellana*) denoted by the figure T10. Reason for removal to facilitate and allow the formation of a new boundary wire mesh fence together with new laurel tree planting in front (*Prunus Caroliniana*).

### Representations:

None.

### Pre-application discussion:

None.

### Constraints:

Conservation area.

### Appraisal:

The proposed works are regarded as responsible arboreal undertakings that will not have a detrimental impact on the public amenity value of the local area or negatively affect the quality of the conservation area. It is considered that the tree(s) do not have sufficient amenity value or other features that would justify the creation of a Tree Preservation Order. Accordingly it is recommended that the proposed works should be permitted.
