Dear Mr Thomas

We have been contacted by a member of the Bodenham Neighbourhood Development Plan Steering Group who wishes us to correct the statement made at Paragraph 2.4 in the planning statement submitted in support of our application. We wish it to be noted that the setting of the Grade II Listed Building will in fact be affected by any proposed development however the member of the Steering Group acknowledges that given that these buildings are set well back from the highway the existing boundary hedges together with further landscaping judged to be necessary will ensure that the setting of this important historic asset will not be compromised. We note that the landscaping which has been shown indicatively on the submitted drawings is a reserved matter however we take on board the comments made by the consultee. We would be grateful if you would append this document to the application file.

Yours sincerely

Doug Hughes RIBA

***NOTE: Doug Hughes is currently on leave and not picking up emails. If I can be of any assistance in his absence please make contact.***
