Subject: Application 161249 CDN 1941-23-005

Dear Mr Carl Brace

My name is Paul Brown and I am the applicant and builder for the new build at Camp Road Ross - on - Wye.

Planning application 161429

I have submitted material samples for approval of details reserved by condition number 1941-23-005

I appreciate that you are very busy and that this could take up to 8 weeks but would be very keen to know if the brick samples would be acceptable. They are the closest match I can get to match the adjacent house.

I would like to order the bricks because there is a long lead time on these particular bricks.

I look forward to hearing from you.

Regards

Paul Brown
