Subject: 220721 - Planning application comment was submitted

The following is a comment on application **P220721/F** by '**Bella Johnson**'

Nature of feedback: objecting_to_the_application

Comment:

I am writing on behalf of Ledbury Area Cycle Forum (LACF).

The cycle storage shed is placed behind an area of car parking such that access for bikes will be obstructed by parked cars. The storage shed should be equipped with a power supply and charging points for cyclists to recharge the batteries of electric bikes.

There is no provision for visitor cycle parking. This should be located near the entrance door so that it is convenient and under surveillance.
