Comment:

I do not wish to formally object to the proposals at this time. However there are opportunities to design out crime and/or the fear of crime and to promote community safety.

I note that this application does not make reference to crime reduction measures within the Design Access Statement. There is a clear opportunity within the development to achieve the Secured by Design award scheme. The development appears to have good access control and natural surveillance already built into the design. The principles and standards of the award give excellent guidance on crime prevention through the environmental design and also on the physical measures. The scheme has a proven track record in crime prevention and reduction which would enhance the community well being within this village.
