Subject: Planning application 223865

Good afternoon, following their meeting last night, please can i submit the following comment from Withington Group Parish Council on this Hereford Quarries application?

'The WGPC has a few concerns about this application. Firstly, they wanted confirmation that the readymix lorries were only to use the main roads as per their original seperate traffic plan.

Then, they are concerned about the extended hours that the site is requesting, currently the site remains flood lit all night - please can this be addressed, with the lights either being dimmed after a certain time or switched off?

If these two areas can be addressed then the WGPC has no further objections to the application.'

Many thanks

Sophie
