Dear Ms Webster

With regards to the above application we have updated the site plan to include some additional landscaping alterations in order to allow access around the proposed extension. We have also updated the position of the proposed ridge lights in the function area in order to avoid structure in the roof.

We would be grateful if we could submit these drawings as part of the application in order to replace the previous versions of these two drawings.

The drawings we are looking to replace are as follows:

20-104-SP1A

20-104-E1B

Kind regards,

Ting Lai
