The following is a comment on application **P223375/F** by **sarah coomer**

**Nature of feedback: Objecting to the application**

---

**Comment:** I should like to object to the proposed plans on mainly ecological and environmental grounds – I believe these plans would cause untold damage to the flora and fauna of this Ancient Woodland. The proposal to have shower / toilet facility, and shepherd's huts plus hard standing for vehicles will cause disruption to the plethora of species and wildlife, and I would suggest that a full ecological study is undertaken. In addition, the narrow track leading to the site is totally unsuitable for domestic traffic and the entrance off the lane is a hazard in terms of visibility.
