The following is a comment on application **P251251/PA7** by **Elizabeth Powis**

**Nature of feedback: Objecting to the application**

---

**Comment:** The proposed Mast will be obtrusive, ugly and incongruous with the surroundings. It will have a harmful impact and outlook on surrounding residential properties. The site is in a predominately residential area in close proximity to homes and schools, which is contrary to the guidance in the NPPF. The mast will be a visual distraction to passing traffic and it's associated equipment would clutter and degrade the area.
