The following is a comment on application '**P171777/F**' by '**Ruth Parry**'

**Nature of feedback:** Support the application

**Comment:**

Great to see a proposal that has undergone consultation with the village and that shows a mixture of units - including live-work units. It should bring the further part of the village closer to the main part of the village which can only enhance the community vibe. I'm also pleased to see road and footpath improvements, the addition of a public open space as well as general tree and hedgerow enhancements that should improve the aesthetics of the new build.
