31st January 2012

Mr David Thomas
The Planning Officer
Planning Services
PO Box 230
Hereford
HR1 2ZB

Subject: Application No: DMS/113577/F – Land adjacent to Alton Business Park, Alton Road, Ross on Wye, Herefordshire, HR9 5ND.

Dear Mr Thomas

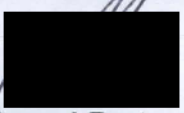

We have received notification of the above referenced planning application and are responding to your request for information to be considered by the Planning Committee.

Bauer Kompressoren is resident within Unit 6A of Alton Business Park and is near to the proposed building of a care home. As part of its activities Bauer Kompressoren sometimes operates air compressors in the area immediately in front of the Unit 6A main entrance. Our activities are in accordance with the requirements of our tenancy and the noise generated is by equipment which is in compliance with "The Noise Emission in the Environment by Equipment for Use Outdoors Regulations 2001 – SI 2001 No. 1701 & 3958 (Amendment)".

Whilst we have no issue with the proposed application we feel it necessary for the Planning Committee to be aware of the situation regarding noise to prevent complaints arising in the future.

Please acknowledge receipt of this letter by return.

Yours Sincerely

Andrew J Porter
General Manager
For Bauer Kompressoren UK
