Morning Kelly,

On further examination of the plans in relation to work now starting on taking forward a new community building, the parish council has noticed that the shape and size of the plot to be gifted to the community on the proposed site plan is not the same as the plot marked on the S106 plan. It appears to have been based on the original plan that was superseded following discussions with the parish council before the S106 was signed. The plot size was increased to allow enough parking spaces and 2 houses were removed from the plan. These now appear to have been put back and the agreed size of gifted land reduced.

Please can you confirm receipt of this comment.

Thanks.

Alison
