The following is a comment on application **P214505/F** by '**Christopher Haworth**'

**Nature of feedback:** objecting\_to\_the\_application

**Comment:**

I note the applicant's amendments but would reiterate my original objections. Namely new buildings (garaging and housing) in a designated conservation area, density of the housing, new buildings would be against the Sutton St Nicholas Neighbourhood plan, the local land supply has been met and outstanding developments in the village have been unable to commence because of the pollution levels in the river Lugg. Also, the site plan is still incorrect. The track to the northern boundary is closer to the playground than the site plan shows, as the plan is incorrectly numbered.
