The following is a comment on application **P243018/O** by **Craig Kearney**

Nature of feedback: Objecting to the application

Comment: Having lived in Kingsthorpe for the last [REDACTED] Helenswood is a thriving natural green environment that is a haven for wildlife and plant life. The area provides a calm and peaceful place for local residents to enjoy walks and connect with nature. Helenswood also provides a natural barrier against noise and light pollution from the very busy A49 road. The erection of properties in this area would eradicate vital woodland taking away the peace and tranquility that local residents crave when they move to villages such as Kingsthorpe. If the planning was granted for these two dwellings, would this then lead to further planning in the future that could lead to the total loss of Helenswood as we know it.
