

## OUTLINE PLANNING PERMISSION

**Applicant:**

Mr M Parsons  
Ivydene  
Munstone  
Hereford  
HR1 3AJ

**Agent:**

Mr Paul Smith  
Paul Smith Associates  
1a Mill Street  
Hereford  
Herefordshire  
HR1 2NX

Date of Application: 14 July 2017

Application No: 172671

Grid Ref:351544:242883

**Proposed development:**

**SITE:** Land adjoining Ivydene, Munstone, Herefordshire, HR1 3AJ  
**DESCRIPTION:** Site for proposed erection of one dwelling and garage. Construction of associated works.

THE COUNTY OF HEREFORDSHIRE DISTRICT COUNCIL hereby gives notice in pursuance of the provisions of the above Acts that OUTLINE PLANNING PERMISSION has been GRANTED for the development described above in accordance with the application and plans submitted to the authority subject to the following conditions:

- 1 Application for approval of the reserved matters shall be made to the local planning authority before the expiration of three years from the date of this permission.

Reason: Required to be imposed by Section 92 of the Town and Country Planning Act 1990.

- 2 The development hereby permitted shall be begun either before the expiration of three years from the date of this permission, or before the expiration of two years from the date of the approval of the last reserved matters to be approved, whichever is the later.

Reason: Required to be imposed by Section 92 of the Town and Country Planning Act 1990.

- 3 Approval of the details of the layout, scale, appearance, access and landscaping (hereinafter called "the reserved matters") shall be obtained from the local planning authority in writing before any development is commenced.

Reason: To enable the local planning authority to exercise proper control over these aspects of the development and to secure compliance with policy SD1 of the Herefordshire Local Plan - Core Strategy and the National Planning Policy Framework.

- 4 Plans and particulars of the reserved matters referred to above relating to the layout, scale, appearance, access and landscaping shall be submitted in writing to the local planning authority and shall be carried out as approved.

Reason: Required to be imposed by Section 92 of the Town and Country Planning Act 1990.

- 5 The soft landscaping scheme approved under condition 3 shall be carried out concurrently with the development hereby permitted and shall be completed no later than the first planting season following the completion of the development. The landscaping shall be maintained for a period of 5 years. During this time, any trees, shrubs or other plants which are removed, die or are seriously retarded shall be replaced during the next planting season with others of similar sizes and species unless the Local Planning Authority gives written consent to any variation. If any plants fail more than once they shall continue to be replaced on an annual basis until the end of the 5-year maintenance period. The hard landscaping shall be completed prior to the first occupation of the development hereby permitted

Reason: In order to maintain the visual amenities of the area and to conform with Policy LD1 of the Herefordshire Local Plan – Core Strategy and the National Planning Policy Framework.

- 6 Prior to the commencement of development the following details shall be submitted to and approved in writing by the Local Planning Authority:

- Provision of a detailed drainage strategy that demonstrates that opportunities for the use of SUDS features have been maximised, where possible, including use of infiltration techniques and on-ground conveyance and storage features;
- Results of infiltration testing undertaken in accordance with BRE365 and confirmation of groundwater levels to demonstrate that the invert level of any soakaways or unlined attenuation features can be located a minimum of 1m above groundwater levels in accordance with Standing Advice;
- A detailed foul water drainage strategy showing how foul water from the development will be disposed of;
- A detailed surface water drainage strategy with supporting calculations that demonstrates there will be no surface water flooding up to the 1 in 30 year event;
- Provision of a maintenance plan for the approved drainage arrangements

Reason: In order to ensure that satisfactory drainage arrangements are provided and to comply with Policies SD3 and SD4 of the Herefordshire Local Plan – Core Strategy and the National Planning Policy Framework

- 7 Prior to commencement of the development, a detailed habitat enhancement scheme should be submitted to and be approved in writing by the local planning authority, and the scheme shall be implemented as approved. (This can be provided in the future reserved matters application for the landscaping)

Reason: To ensure that all species are protected and habitats enhanced having regard to the Wildlife and Countryside Act 1981 (as amended), the Conservation (Natural Habitats, &c) Regulations 1994 (as amended) and Policy LD2 of the Herefordshire Local Plan – Core Strategy and the National Planning Policy Framework, NERC 2006.

- 8 Before any work commences and, equipment or materials moved on to site, a retained tree and hedgerow protection plan, arboricultural risk avoidance measures and work/protection methodology (based on guidance in BS5837:2012) shall be supplied to the planning authority for written approval.. The approved protection plan shall be implemented in full and remain in place until all work is complete on site and all equipment and spare materials have been finally removed.

Reason: To ensure that all species are protected and habitats enhanced having regard to the Wildlife and Countryside Act 1981 (as amended), the Conservation (Natural Habitats, &c) Regulations 1994 (as amended) and Policy LD2 of the Herefordshire Local Plan – Core Strategy and the National Planning Policy Framework, NERC 2006.

- 9 The development hereby permitted shall not be brought into use until the access, turning area and parking facilities shown on the approved plan have been properly consolidated, surfaced, drained and otherwise constructed in accordance with details to be submitted to and approved in writing by the local planning authority and these areas shall thereafter be retained and kept available for those uses at all times.

Reason: In the interests of highway safety and to ensure the free flow of traffic using the adjoining highway and to conform with the requirements of Policy MT1 of Herefordshire Local Plan – Core Strategy and the National Planning Policy Framework.

- 10 Prior to the first occupation of any of the residential development hereby permitted written evidence / certification demonstrating that water conservation and efficiency measures to achieve the 'Housing – Optional Technical Standards – Water efficiency standards' (i.e. currently a maximum of 110 litres per person per day) for water consumption as a minimum have been installed / implemented shall be submitted to the Local Planning Authority for their written approval. The development shall not be first occupied until the Local Planning Authority have confirmed in writing receipt of the aforementioned evidence and their satisfaction with the submitted documentation. Thereafter those water conservation and efficiency measures shall be maintained for the lifetime of the development;

Reason: To ensure water conservation and efficiency measures are secured, in accordance with policy SD3 (6) of the Herefordshire Local Plan Core Strategy 2011-2031.

Informatives:

- 1 The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against planning policy and any other material considerations. Negotiations in respect of matters of concern with the pre application (as originally submitted) have resulted in amendments to the proposal. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal, in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.
- 2 Drainage arrangements shall be provided to ensure that surface water from the driveway and/or vehicular turning area does not discharge onto the public highway. No drainage or effluent from the proposed development shall be allowed to discharge into any highway drain or over any part of the public highway.
- 3 This planning permission does not authorise the applicant to carry out works within the publicly maintained highway and Balfour Beatty (Managing Agent for Herefordshire Council) Highways Services, Unit 3 Thorn Business Park, Rotherwas, Hereford, HR2 6JT (Tel: 01432 261800), shall be given at least 28 days' notice of the applicant's intention to commence any works affecting the public highway so that the applicant can be provided with an approved specification, and supervision arranged for the works.

Under the Traffic Management Act 2004, Herefordshire Council operate a notice scheme to co-ordinate Streetworks. Early discussions with the Highways Services

Team are advised as a minimum of 4 weeks to 3 months notification is required (dictated by type of works and the impact that it may have on the travelling public). Please note that the timescale between notification and you being able to commence your works may be longer depending on other planned works in the area and the traffic sensitivity of the site. The Highway Service can be contacted on Tel: 01432 261800.

- 4 Access to the site is via a public right of way. This permission does not authorise the obstruction, stopping up or diversion of the public right of way.
- 5 The enhancement plan should include details and locations of any proposed Biodiversity/Habitat enhancements as referred to in NPPF and HC Core Strategy. At a minimum we would be looking for proposals to enhance bat roosting, bird nesting and invertebrate/pollinator homes to be incorporated in to the new buildings as well as consideration for hedgehog houses within the landscaping/boundary features. Some useful suggestions were included in the Ecological report supplied with the Outline application. No external lighting should illuminate any of the enhancements or boundary features, in particular the adjacent mature woodland beyond any existing illumination levels and all lighting on the development should support the Dark Skies initiative (DEFRA/NPPF Guidance 2013).

The protection methodology should be sufficiently robust and durable taking in to consideration the small scale nature of the site and development. No lengths of hedgerow or trees should be cut or removed during the bird nesting season (March-August inclusive) without a thorough check by a qualified ecologist no more than 48 hours prior work commencing. At all other times the applicant should be aware that any disturbance or damage to nesting birds and protected species is a criminal offence under wildlife legislation.

- 6 Drainage conditions - Please refer to "Herefordshire Council Planning Applications: Flood Risk and Drainage Checklist" (Ref: RCLHP001-AM0070-RP-003) for details of the documentation to be submitted for planning applications.

**DEVELOPMENT MANAGER**

Date: 25 September 2017

YOUR ATTENTION IS DRAWN TO THE NOTES OVERLEAF

**Please note: This permission refers only to that required under the Town and Country Planning Acts and does not include any consent or approval under any other enactment, byelaw, order or regulation. In particular consent may be required under the Building Regulations.**

#### **NOTES**

#### **Appeals to the Secretary of State**

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If you want to appeal, then you must do so within 6 months of the date of this notice, using a form which you can get from The Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by him.

#### **Right to Challenge the Decision of the High Court**

Currently there are no third party rights of appeal through the planning system against a decision of a Local Planning Authority. Therefore, if you have concerns about a planning application and permission is granted, you cannot appeal that decision. Any challenge under current legislation would have to be made outside the planning system through a process called Judicial Review (JR).

The decision may be challenged by making an application for judicial review to the High Court. The time limits for bringing such challenges are very strict, and applications need to be made as soon as possible after the issue of the decision notice. So, if you think you may have grounds to challenge a decision by Judicial Review you are advised to seek professional advice as soon as possible.

These notes are provided for guidance only and apply to challenges under the legislation specified. If you require further advice on making an application for Judicial review, you should consult a solicitor or other advisor or contact the Crown Office at the Royal Courts of Justice, Queens Bench Division, Strand, London, WC2 2LL (0207 947 6000). For further information on judicial review please go to <http://www.justice.gov.uk>

The Council has taken into account environmental information when making this decision. The decision is final unless it is successfully challenged in the Courts. The Council cannot amend or interpret the decision. It may be redetermined by the Council only if the decision is quashed by the Courts. However, if it is redetermined, it does not necessarily follow that the original decision will be reversed.

#### **Purchase Notices**

- If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.
- In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
