Dear Jonathan

I refer to your e-mail dated Mon 09/10/2017 10:21.

I **approve** the following submitted drawings of on-site School signage pursuant to condition 11:-

- Drawing number 5326/P/1307;
- Drawing number 5326/P/120 Rev. B;
- Drawing number 5326/P/1300 Rev. C; and
- Drawing number 5326-W-1700 Rev. A.

All of the requisite planning conditions are now discharged.

Finally, I would be grateful if you would confirm the date that the off-site highways works are to commence? The reason I ask is that I understood that they were scheduled to commence some two weeks ago, that those works will take a minimum of 8 weeks to complete and I am conscious that those works need to be fully completed & operational (e.g. controlled crossing) prior to the first use of the School (understood to be 8th January 2018).

Regards

Roland Close
