Dear Carl,

Many thanks for your below email.

Please find enclosed drawing ref: SJD-140-009W that has been amended to show a slightly revised tenure mix.

My Client (Fortis) have undertaken this due to the high level of affordable housing demand within the local area and Fortis' strategic partnership drive with Homes England to develop more high quality affordable homes.

I understand that Fortis have liaised direct with the Housing Team at Herefordshire Council regarding this amendment.

For clarity, the tenure mix has been slightly amended as follows:-

Plots 1 – 8 – Shared Ownership  
Plots 9 – 18 – Affordable Rent

Best regards
