Form reference: 832267

**Ref. Planning Application P221524/F**

**Drakeley Farm, Marden, Hereford, Herefordshire, HR1 3ES.**

**Proposal - Erection of up to 13.5 hectares of fixed (i.e. non-rotating) 'Spanish' Polytunnels over soft fruit grown on 'table tops', excavations and ground profiling to form new winter storage reservoir and the erection of an agricultural storage building and 6 no. water storage tanks.**

I am writing with reference to the above planning application and in particular regarding the Bridleway MR20.

I have been employed at S&A Produce for [REDACTED] years. During this time I have used this bridleway many times driving tractors, telehandlers and other equipment, between Brook Farm, Drakeley Farm and Lower Farm. This bridleway was also used for the transportation of strawberries and blackberries back to the packhouse at Brook Farm.

I support this application as it [REDACTED] is a major contribution to the rural economy.

[REDACTED]
