The following is a comment on application **P241664/F** by **Marianne Naylor**

Nature of feedback: Objecting to the application

Comment: Objecting to planning application 241664 at The Fishing Lake, HR9 7UH

I believe that siting 40 caravans on the above site would be extremely detrimental to the surrounding Herefordshire countryside because of the following points :

1. Wildlife in this area will be severely limited, an aim which to my understanding is against all Herefordshire planning applications
2. Traffic to a site with 40 homes and no local amenities will be increased. Also this is already a dangerous part of the road, a blind bend on a steep hill, so entry and exit would be a problem.
3. Light and noise pollution will be disadvantageous to the surroundings.
4. I understand that drainage around this site is already a problem, which would be made worse by such a large development.

For the above reasons I object to this planning application.
