Our reference: 3200

Dear Janet,

EDGE OF LLANGROVE - SO52801906

SPECIES RECORDS

Further to your request, I have conducted a search of the database for the area you identified. These records are attached along with a map indicating their distribution.

Grid references containing a combination of letters and numbers, for example 'SO54E' are formulated according to the **DINTY** system. Such records are often from botanical recording, whereby a 10km square is divided into twenty-five equal 2km x 2km squares, each alpha-coded, thus:

E	J	P	U	Z
D	I	N	T	Y
C	H	M	S	X
B	G	L	R	W
A	F	K	Q	V

Therefore the correct full grid references for SO54E are as follows:
SO5048, SO5049, SO5148 and SO5149
i.e. four 1km squares.

Please keep location details of any bat, badger or newt records confidential.

DESIGNATED SITES

In addition, I have produced a map indicating designated sites and have provided register details for the relevant sites:

A Roadside Verge Nature Reserve 26

A good calcareous flora is present at this site with an abundance of common rock-rose (*Helianthemum chamaecistus*), along with field scabious, burnet saxifrage and salad burnet on this steep bank.

Annual Report 2000 (Herefordshire Nature Trust)

SO42/22 Garren Brook SWS

The register states: "Much of this brook has a good, wooded margin of alder and willow. The associated plants include common meadow-rue, water-crowfoot and some interesting bryophytes."

Date 1990

SO51/01 Woodland at Welsh Newton and Callow Hill SWS

The register states: "An area of ancient woodland, with oak standards and coppiced beech dominating.

Other tree species include yew and rowan.

Woodruff and yellow pimpernel are present in the ground flora."

Date 1990

Please get in touch if you have any queries. I can confirm that the charge for the retrieval and analysis of your requests is £100 exclusive of VAT. You will receive an invoice from Herefordshire Council shortly: the Council handle all financial accounting on behalf of HBRC.

I hope that this information proves to be useful. I look forward to receiving new findings and biological records which any survey you undertake yields: this will help us to improve the information available for natural heritage conservation, research, advice, education and public information.

Yours sincerely,

Camilla Winder
Biological Data Officer (HBRC)
Encs.

Terms and Conditions for the supply of data

1. Copyright of all records remains with the recorder, and of the collated data with Herefordshire Biological Records Centre.
2. No copies of data are to be made for use by third parties, without written permission from Herefordshire Biological Records Centre.
3. Permission must be obtained in writing from Herefordshire Biological Records Centre if the data supplied is to be used for any other purpose than that described on the Data Request Form.
4. Data are provided subject to ongoing approval for use from individual recorders, local recording groups or national recording schemes. Should such providers of data withdraw permissions for use of these data, the requestor may be obliged to remove relevant data from records.
5. The data must not be entered onto a computerised database or GIS without permission from Herefordshire Biological Records Centre.
6. Herefordshire Biological Records Centre shall be acknowledged in any report relating to data supplied, and we would appreciate any details of biological records resulting from any survey undertaken.
7. Permission to use data expires 12 months after its supply. Applications to extend beyond this period should be made before the expiry date.
8. Data are as held by Herefordshire Biological Records Centre. Past records of presence of a species or habitat do not guarantee continued occurrence. Absence of records does not imply absence of a species, merely that no records are held.
9. Data are provided *without prejudice* and according to our Charging Policy, which is available on request. Commercial users are always subject to our Charging policy. Further to your request we will provide you with a quotation for processing of information and/or biological records; if this quotation is acceptable we will require approval in writing via letter or fax in order to proceed. Voluntary recording societies and local naturalists are generally exempted from this Policy.

Present Charge Rates are based on £100 per hour, exclusive of VAT.
