**Listed Building Consent**

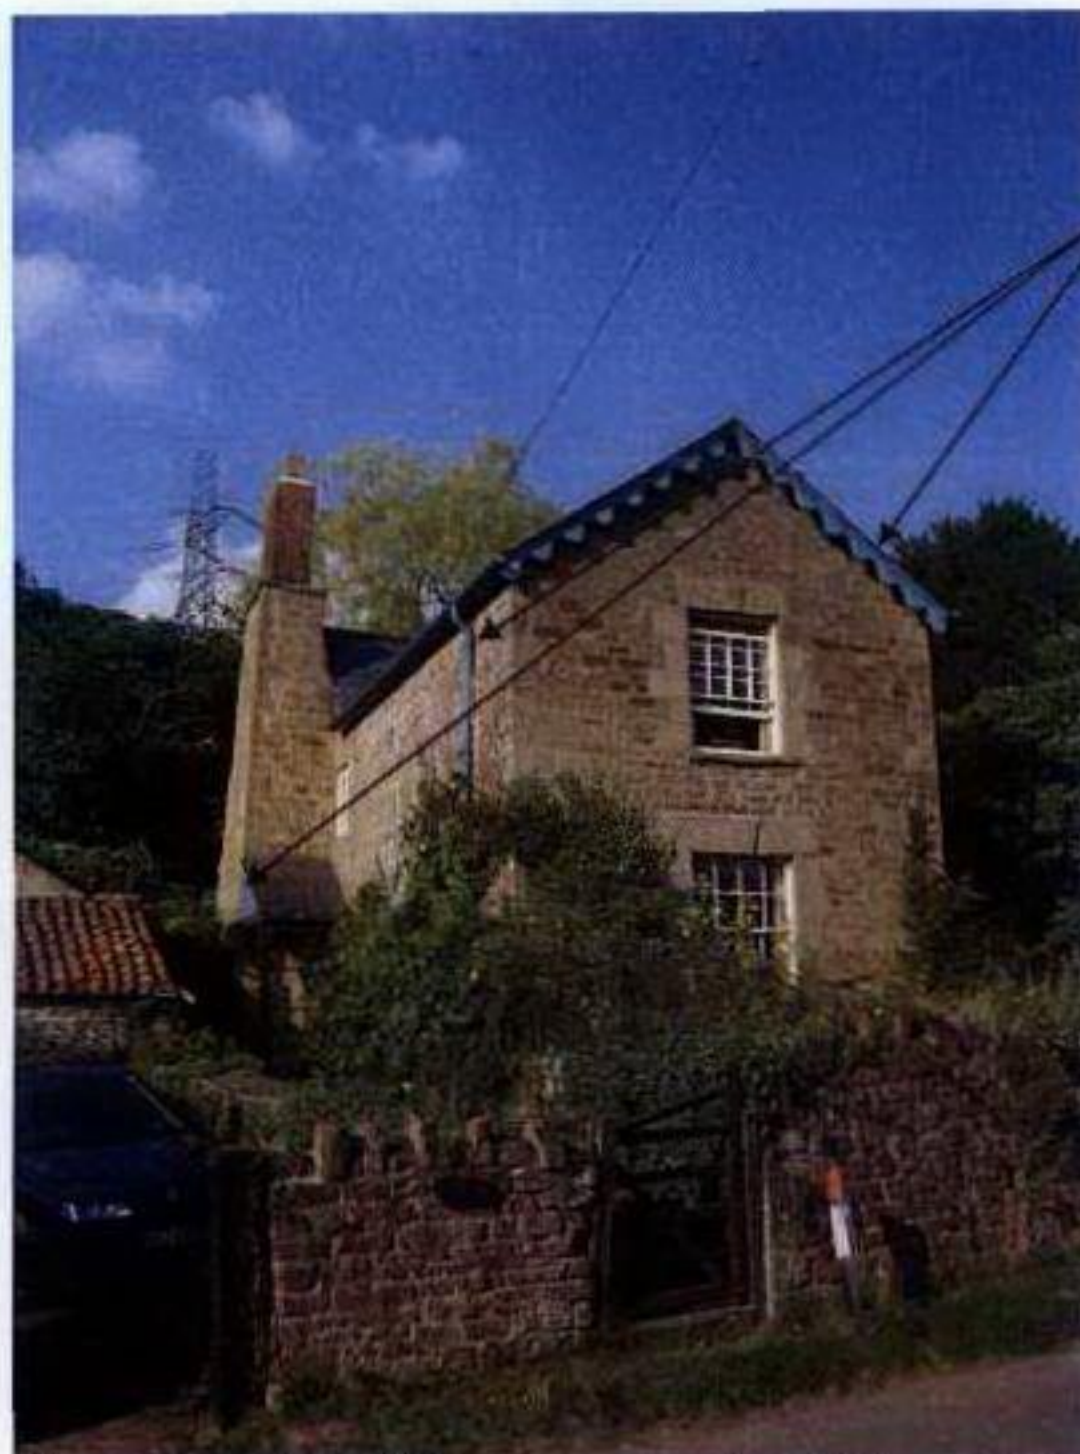

**Location**

Barn House  
Coughton  
Ross On Wye  
Herefordshire  
HR9 5SE

SE08/1907/L

**Design and Access Statement.**

This Listed Building Consent is created to modify the colour of the existing exterior paintwork at the property.

As shown here the plan is to replace the painted blue elements shown here and in all other similar areas of fascia, drainpipe and guttering.

In addition, it is proposed to paint the external doors, these doors include the front door, backdoor, the two doors into parts of the cider room and rear electricity cupboard door, all of which are currently blue.

The current paint work has become aged and is in need of replacement due to it flaking. The new colour selected has been chosen from the range of more historic colours from the Farrow and Ball range.
