

FRONT (EAST) ELEVATION

PROPOSED

SIDE (WEST) ELEVATION

PROPOSED

- 1 Create new porch lobby to front elevation to create symetrical entrance to house
- 2 Re-clad existing porch to create WC
- 3 Changes to external facade: new insulated render, new timber cladding and new windows
- 4 Internal changes to create new loft conversion within the existing envelope, with new rooflights, new internal staircase, and opening up of internal spaces to allow increased natural daylighting internally.
- 5 Replace existing single storey flat roof extension with double height pitched roof extension to create new first floor bedroom to rear of property
