Dear Sir,

I write to you in support of the application for planning permission made by Lesley Watkins to build a property in the grounds of Myrtleford Cottage, Ledgemoor. I have no objection to this and can see that, for Lesley, being able to live independently from her mother, but be close enough to offer her security, and, for both of them, peace of mind, would be excellent. I hope that you would approve Outline Planning.

I realise that building will cause disruption, but the final house would add to the look of the village.

Yours Faithfully,
