

Planning application comment was submitted on the **22 March 2025 11:55 AM**

The following is a comment on application **P250600/F** by **Karen Thorogood**

Nature of feedback: Objecting to the application

Comment: It noted when purchasing this property it was noted that this land was dedicated as Meadowland and not for building of any kind. The proposal will have a negative impact on traffic and traffic noise in St Mary Garden Village which has already seen a heavy impact on traffic trying to get on the A40 with the additional Taylor Wimpey Housing being built . As residents we are entitled to open spaces for the sake of our health and mental health . Additional funding would also be required by the council to establish additional infrastructure thereby increasing our bills again. When times are challenging as they are for a lot of people. Is it really a good idea for the elderly and possibly vulnerable people to be living in the junction of a main road .
