The following is a comment on application **P240422/F** by **Rhiannon Harn**

Nature of feedback: Objecting to the application

Comment: Enormous disruption to the traffic and local infrastructure of shops/schools/GP surgeries.
Huge stress on the local land - bearing in mind this is a flood plain - with water running off into lugg flats as a result of excavating, creating even more flooding.
Disgusting lack of respect for the local wildlife and area with minimal light pollution just to feed the [REDACTED] pockets of a small few.
Despicable.

Infrastructure from section 106 to consider: A large GP practice with doctors, physios, nurses, pharmacist, admin staff.

A small off licence.

Appropriate road provision and maintenance of potholes.

Protected areas of fields, wildflower gardens, local walks.

A new nursery, primary and secondary school, - minimum 350 extra places per year - how will you provide places when schools and nurseries are already oversubscribed?
