Dear Mr Tompkins,

Thank you for your very encouraging e-mail below.

As requested please find attached revised access arrangement.

My Client looks forward to approval.

Regards

Gerry Martin

Subject: 163209 Poplar's Meadow

Dear Mr Martin,

I have no received response from the Transportation Manager. The 85th percentile speeds of your survey require visibility of 48 metres in either direction. At present, your suggested access location wouldn't achieve this. However, if the access is moved 10 metres to the east, visibility would meet these levels.

Please forward an amended site plan showing the revised access location and I will be able to recommend the application for approval.

Regards,

Matt Tompkins
