

Planning application comment was submitted on the **23 April 2025 08:11 AM**

The following is a comment on application **P222728/N** by **Sarah Price**

Nature of feedback: Objecting to the application

Comment: I would like to confirm my original objection still stands but would like to add that if the entrance to this digester is going to be from the 417 it will make this an even more dangerous road. The lorries have to cross on to the other side of the road to access the entrance because they are such large long lorries. This site really doesn't seem to be the best place for something that has so many vehicles attached the site.
