

Planning application comment was submitted on the **21 March 2024 19:52 PM**

The following is a comment on application **P240422/F** by **Dale Martin**

Nature of feedback: Objecting to the application

Comment: Would be devastating to have houses built and people living so close to a haven for wildlife and literally on the doorstep of a site of special scientific interest. The disturbance to the wildlife from the building of the homes and the people and their pets living here would be terrible. Herefordshire Wildlife Trust have set their stall out and that is good enough for me.
